Drowned In Stock Dam

Accident Takes Life Of Five-year-old Girl

The Reid Hill and Vulcan districts were shocked and grieved to learn late Saturday night of the drowning earlier in the evening of little Janice Faye Palmer, 5, in a stock watering dam at the farm home of her parents, Mr. and Mrs. Louis Palmer.

Mr. and Mrs. Palmer, accompanied by their guests, Mr. and Mrs. George Alderff, and Mr. and Mrs. Roy Adam, grandparents of the little girl, had gone into town late in the afternoon to do their Saturday shopping, leaving the Palmer children and their guest playing in the yard. With the exception of Judy Palmer, 11, the youngsters were making mud pies near the dam, when Janice accidentally fell into the water.

Her brother, Jerry, rushed to the house for Judy, with remarkable presence of mind, instantly called her aunt, Mrs. Pete Silber-nagel, at the Adam farm a mile away, for help. Mr. and Mrs. Silber-nagel answered their niece's call for help with the utmost speed. In the meantime Judy, stripping off her clothing as she raced to the dam, tried valiantly to reach her sister, but without avail.

Upon her arrival Mrs. Silber-nagel plunged into the water and brought the small victim out. Then, frantically employing artificial respiration, the aunt and uncle worked without pause, until the arrival of Dr. Tompkins, who had been summoned from Vulcan. Using the swimming pool inhalator, the doctor, assisted by the father of the child and by others who had arrived in the meantime, continued for three hours to attempt to revive the child, but without success.

Little Janice is survived by her parents, Mr. and Mrs. Palmer, her sister Judy, and brother, Jerry, and by her grandparents, Mr. and Mrs. Roy Adam of the district. Her grandmother, Palmer lives in Saskatchewan.

Funeral services were held Wednesday at 2 p.m. from the Vulcan Church of Christ, with Mr. James Chapman performing the rites. Interment was made in the Mountain View Memorial Gardens at Calgary.

Investigation of the accident was

fall is a good time to work them and apply the seed in readiness for the next spring.

This grass has stood over eight weeks of continuous flooding and will grow to a height of six or eight feet if left for seed, but for forage it is best to cut earlier, and when pasture is desired it is best to keep stock off until a good sod is formed by the roots, otherwise it may become rough and hummocky. If this crop is well managed it can make otherwise waste areas of a farm one of the most productive.

Carmangay Heads Babe Ruth League

Wheatbelt Babe Ruth League opened last week with Milo splitting two games at home, losing 11-7 to Carmangay and beating Vulcan by a 21-7 score. Against Carmangay the game was lost in the first inning when the southern club pushed over seven big runs. Plourd was the winning hurler for Carmangay.

Against Vulcan, the Milo boys reversed the lesson received and scored seven runs in the first inning themselves, and then scored in each inning after to romp to their win. Lorne Healy was the winning pitcher while Graham for Vulcan took the loss.

Regular Meeting Ladies Auxiliary

The regular meeting of the Ladies Auxiliary to the Canadian Legion was held in the Legion hall Wednesday evening, May 16, with a good turnout of members.

Mrs. Earl Caruthers presided, assisted by the secretary, Mrs. A. C. Marsh.

The business session was quite brief and dealt largely with routine matters. A donation of \$10 was made to the Salvation Army Appeal. Mrs. Marsh gave a report on the Zone Rally held at Coleman on May 9 and attended by a number of the Vulcan members.

Mrs. Hunter, the Zone Commander, reported that she was soon to go to Nanton to help organize a branch of the Auxiliary there. At the conclusion of the business meeting lunch was served by Mrs. Hunter and Mrs. Sparks.

Three-way Tie In Little League

In Little League action last week Champion swept to a convincing 36-8 win over Brant. The big inning was the third when the Champion boys rang up seventeen runs. Stan Smith was the winning pitcher with Olsen taking the loss for Brant.

The other game on May 15 saw Carmangay defeat Vulcan by the close score of 7-4. Dicky Minty was the winning pitcher, getting eleven strikeouts while Joe Boutland and Ron Miller showed honors in the losing cause and struck out nine.

Vulcan managed an even split in the week by edging Brant 15-14. Behind 15-3 going into the last inning, the Brant boys erupted for eleven big runs before being retired to almost earn their first victory. Don Houlton started the pitching for Vulcan with Bucky Roebuck coming in to quell the Brant uprising.

Carmangay gave Champion their first loss in Little League on May 18, Carmangay winning 10-4. Leslie Row got the win, striking out eleven while Smith took the loss for Champion. Seven runs in the fourth inning split the difference. Three teams are now tied for top spot.

Trailer Court Approved

Town Council Clamps Down On Dogs Running at Large

Complaints regarding dogs running at large and damaging newly planted gardens and lawns have prompted the town council to instruct the police department to clamp down on infringements of the by-law concerning dogs running at large.

Dogs must be restrained from running at large during the months of June, July, August and September. Owners who fail to keep their dogs under general restraint during these summer months will be charged under the by-law. Meanwhile, police will make a house-to-house canvass to collect dog license fees.

Chickens were also discussed by council at the regular meeting last week following a request by a ratepayer for permission to keep chickens in town. This would be contrary to a town by-law, so the request was refused and instructions issued that the by-law prohibiting the keeping of chickens within the town limits must be strictly observed. Anyone presently keeping chickens in town must get rid of them within 30 days or be subject to prosecution under the by-law.

Building Permits

Three building permits were approved: M. A. Jesse, a garage, \$200; Imperial Oil Co., construction of a 12x16 office building, \$1500; Mrs. R. Graves, permit to move residence to a different locality and addition thereto, \$800.

Court of Revision

Council decided that the Court of Revision to hear complaints regarding the assessment would be held Monday evening, June 11.

Municipal Finance

Following study of Provincial Treasurer Hinman's brief on municipal finance, council went on record as opposed to the imposition of a provincial sales tax.

Trailer Court

At a special meeting held April 30, the reclassification of Block 35

as a commercial zone was approved, as was the application of Les Johnston to construct a trailer court on this property. No objections to the by-law concerning the re-classification of this property had been received before the deadline advertised.

Stipulations concerning the construction of the trailer court include:

—All requirements of the Department of Public Health must be fully complied with.

—The grounds must be levelled off and sloughs filled in by October 1, 1956.

—Construction must be commenced by August 1, 1956.

SERVICE BOARD NOTES

H. S. Burns, Field Supervisor

A good grass and legume mixture for low-lying areas subject to flooding for varying periods of time is Reed Canary grass and Alsike clover. The Alsike will not persist under excessive flooding conditions, but will improve the forage qualities of Reed Canary grass and is the best of the legumes for low areas according to Robert L. Pharis Supervisor of Crop Improvement.

The recommended rate of seeding are five pounds of Reed Canary and two pounds of Alsike. A little Timothy may be added as it does well in wet areas. This mixture is not recommended where alkali is a problem. There are many areas on a lot of farms where the weed problem could be abolished if this seeding were done, and these slough holes would become productive instead of being a place of propagation for Sow Thistle, Canada Thistle and many others. These places can be sown any time when they are dry enough to carry implements, but usually late in the

Cheques Out Soon

Final Payment 1954-55 Pool To Average 12½c

Prairie farmers who participated in the 1954-55 wheat pool will share in a \$39,680,000 melon made possible in part by \$23,000,000 of the taxpayer's money. Cheques are to start going out next week.

This final payment, announced by Trade Minister Howe in the Commons Friday, averages out to about 12½ cents a bushel on the 318,400,000 bushels delivered by farmers during the pool period.

It gives them a total Lakehead price of \$1.65 a bushel for No. 1 Northern, the top wheat, up from the post war low of \$1.56½ cents under the 1954-55 pool, but still below the average of a little more than \$1.80 in previous post war years.

Seeding Is Well Advanced

Fine weather has prevailed this past week and good progress has been made in seeding, which is now estimated to be about 75 per cent completed, with many farmers already finished.

There has been some cutting-down in spring wheat acreage with a corresponding increase in acreage sown to other grains such as durum wheat, flax, oats and barley.

Champion Man is Wed

Jopling - Rattray

A pretty wedding was solemnized in the RCAF Chapel, Lancaster Park, Alta., Saturday, April 28 at 2 p.m. when F/O Margaret Isabelle Denyse Rattray became the bride of William Harvey Jopling. White snapdragons and chrysanthemums formed an attractive setting for the service performed by S/L C. L. Harding, chaplain of RCAF Station Namao, Lancaster Park, for the daughter of Mr. and Mrs. J. Rattray of Greenfield Park, Quebec and the son of Mr. and Mrs. H. C. Jopling of Champion, Alberta.

The bride, given in marriage by F/L R. A. Hunt, in the absence of the bride's father, wore a floor-length gown of peau-de-seoie, with a sweetheart neckline. Full-length sleeves formed points over the hands. The gown was embellished with Chantilly lace outlined with myriads of pearls, sequins and rhinestones. Her fingertip veil was gathered to a crown set with pearls and brilliants, the veil also embellished with the same motif as the gown. The bride carried a bouquet of shaded pink roses and stephanotis.

F/O Nursing Sister Marjorie Fera as maid of honor, wore a waltz-length gown of blue nylon net with a matching hat of blue velvet petals. Little Miss Patricia Hunt as flower girl, wore a short blue nylon dress; both attendants carried old fashioned bouquets.

Mr. Dick Jopling acted as best man for his brother, and F/O John Law and F/O Richard Ussel were ushers.

During the signing of the register, "O Perfect Love" was sung by Mrs. B. Barrington-Footé. The wedding music played on the chapel organ was supplied by Mrs. R. A. Hunt.

The toast to the bride was proposed by S/L H. H. Lee at a reception attended by some 80 guests in the officers' lounge, RCAF Station, Namao.

For the wedding trip to Calgary, Banff and other points in Southern Alberta, the bride donned a pink and blue dress, with matching pink shoes and white purse and gloves.

Out-of-town guests included friends from Calgary, Champion and Greenfield Park. The bride is a graduate of McGill University and the groom graduated from Royal Roads RMC, Victoria, B.C., RMC Kingston and the University of Alberta.

IN MEMORIAM
BRINTON—In loving memory of Wentworth Brinton, who passed away on May 31, 1955.
"We little knew when we woke that day,
The sorrow the morn would bring
For the call was sudden, the shock severe,
To part with one we loved so dear.
One year has passed, our hearts still sore,
As time rolls on we miss you more;
But looking back with tenderness, along the path you trod,
I bless the years I had with you and leave the rest to God.
Our father now is sleeping, now care is on his brow,
"Oh, blame us not for weeping, for we have no daddy now."
—Ever remembered and sadly missed by his wife Lillian and Sons.

EARLY ATTENTION TO WEEDS

Weeds, even when quite young, compete with the growing crop for plant food, moisture, and light. Early treatment of weeds with chemicals is, therefore, recommended if maximum yields are to be obtained. Farmers who are in doubt as to when best to spray their crops should consult their nearest Agricultural Representative or Experimental Farm.

The United Nations estimates that 150 million families in underdeveloped areas lack adequate housing.

One answer is a frameless, build-it-yourself house designed by Canadians of Canadian aluminum. It needs no foundation; is non-corrosive and verminproof; is so lightweight that it is packed in cartons easily carried by plane, jeep or even burro.

The Colombian government has ordered 3,200 of them to help relieve the shortage of rural housing in that South American country. So it's not surprising, with aluminum travelling so far and doing so much, that Alcan is again increasing its smelting capacity in both Quebec and British Columbia.

Good morning... I'm your Census Taker

When I call at your home during the next few weeks I will have only a few simple questions—the name, age and marital status of those living at your address. If you live on a farm, there are some additional questions about acreage, crops, livestock and equipment.

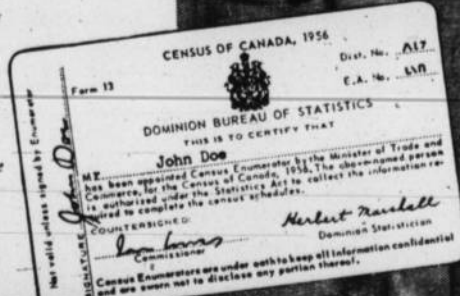

The information you give me will be kept in strict confidence. Every Census worker has taken an oath of secrecy. By Act of Parliament, the personal information gathered by the Census about individual Canadians can be used only for general overall statistics. It cannot be disclosed to any government agency or private organization.

Canada is taking count to keep up with her rapid growth. Census facts are required to meet and plan overall national needs—schools, public utilities, welfare services, farm and industrial production, employment.

The 1956 Census — the essential measure of Canada's growth.

It's a big job—your cooperation will help us do it quickly and accurately.

ATTENTION! OWNERS AND OPERATORS OF MOBILE CONSTRUCTION EQUIPMENT

Your attention is drawn to the fact that all mobile construction equipment is required to be licensed annually under provisions of the MOBILE CONSTRUCTION EQUIPMENT LICENSING ACT before such equipment may engage in construction work in any town, village, municipal district, county, improvement district or special area in the Province of Alberta.

"MOBILE CONSTRUCTION EQUIPMENT"

- means machinery or equipment constructed or manufactured for use in construction work, capable of being moved to its place of use under its own power or by being towed, pulled or carried and not intended to be affixed to realty, and
- included movable bunk, cooking and dining houses used to serve persons engaged in construction work, but
- does not include trucks licensed under The Vehicles and Highway Traffic Act or The Public-Service Vehicles Act, exclusive of mounted equipment on such trucks.

"CONSTRUCTION WORK" MEANS THE OPERATIONS REQUIRED

- for screening and washing sand and gravel or for excavating and loading or for breaking and clearing, or
- for the construction or maintenance of a road, sidewalk, building, structure, bridge, culvert, dam, drainage system, irrigation system, airport, pipe line, power line, grades, strip mining, or other work of like nature.

Provision is contained for the imposition of a fine and possible impoundment of equipment where a violation of the Act occurs.

A copy of the Mobile Construction Equipment Licensing Act may be obtained upon payment of thirty-five cents from the office of the Queen's Printer, Highways Building, Edmonton, Alberta.

Address all enquiries regarding MOBILE CONSTRUCTION EQUIPMENT LICENSES to the DEPARTMENT OF MUNICIPAL AFFAIRS, Edmonton, Alberta.

Young Man with a Plan

One of these days, Fred's going to take over the farm. Meanwhile, he's planning, studying and working hard . . . learning right on the job.

Already he's learned a lot about modern farm management, and how a chartered bank can play its part in making farm living more comfortable, more profitable. He has found, for example, how useful the bank can be as a place to build up savings, to obtain credit, to seek financial advice and market information. He knows that the bank manager's door is open to everyone.

When you see a good-looking, well-run farm, chances are the farmer uses the services the chartered banks have built up for all Canadians.

A miscellaneous shower was held in the Community Hall on Saturday, May 19 when a number of the ladies of the town and district presented Mrs. Weldon Mundle (nee Rita Lucas) with numerous lovely and useful gifts with their good wishes for her continued happiness. The afternoon was spent in community singing led by Mrs. Latiff and Mrs. A. L. Siler supplied the accompaniment. The guest of honor was assisted in opening her gifts by Miss Lily Leong and Mrs. Myrna Summers.

CGIT Mother and Daughter Banquet

A Mother and Daughter Banquet was held in the United Church on May 15, with 30 guests and girls present.

Grace was sung, followed by a delicious supper served by the Junior Woman's Association.

Joyce Christensen, the CGIT president, gave a toast to the Queen. Marilyn Christensen followed with a toast to the mothers, to which Mrs. Barbara Hildetvandt responded.

Mrs. Phyllis Hegland proposed the toast to the girls, responded to by Marjorie Little.

Diane Hegland then graciously thanked the ladies of the W.A. for the lovely supper.

This was followed by a singing, and a skit. Then a fashion show of CGIT uniforms over the years was presented by the girls.

Everyone then assembled upstairs to attend the graduation exercises of Jean Befus, who replied with a pleasing valedictory speech.

Rev. H. B. Miller, missionary of the Church of England, St. Cyprian Indian School of Brockett, then spoke on the life of our Canadian Indians. He showed numerous films and answered many questions and stressed the need for day school teachers.

Marjorie Kurtz thanked Rev. Miller on behalf of those present, and the pleasant evening ended.

St. John's Ladies' Guild
The regular meeting of the St. John's Ladies' Guild was held on Thursday afternoon, May 17 at the home of Mrs. Arnold Boe. There were 12 members and four visitors present.

During the business meeting, it was decided to buy new window blinds for the Anglican Church. There was a discussion re varnishing the seats and floor of chancel. This was left for further consideration. A letter of thanks is to be written to Mr. and Mrs. Ed Rainey for their very generous donation of paint for the interior of the church.

The meeting was then adjourned. Mrs. A. R. Hanna then held an amusing contest. The winner was Miss E. Bell. Consolation prize went to Mrs. R. H. Johnson. A very delicious lunch was then served by the hostess and her assistant.

The ladies then sang "happy birthday" to Mrs. Hirst Goldthorpe whose birthday happened to be the day of the meeting and presented her with a gift of china.

MAJORVILLE

The warm sunny days of the past week have been a boon to the wheat farmer and seeding has seen some progress. The cold damp days experienced earlier had made some fields heavy for the seeders, as one farmer remarks, the seed is being muddled in. However, a few more days will see seeding over for another year. A few more farmers are seeding Durum wheat this year than last in an effort to beat the tie-up of grain deliveries to the elevators in the fall.

Mr. and Mrs. Allan Yuill of Calgary were weekend guests at the home of the latter's brother and sister-in-law, Mr. and Mrs. Bartsch.

Mr. and Mrs. Hap Heather and Terry were guests on Sunday at the home of Mr. and Mrs. Leighton Campbell of Arrowwood.

Mr. and Mrs. Bert Clemmons and Ricky spent Mother's Day with the latter's parents, Mr. and Mrs. Strang Fraser of Cluny.

Mr. and Mrs. Lloyd Jacobson and family of Enchant were visitors on Mother's Day at the home of Mr. and Mrs. George Heather. In the afternoon Mrs. Heather and Mrs. Jacobson went to Cluny to visit with Mrs. Don Gordon.

We are glad to report that Mrs. Francis was discharged from Vulcan hospital last Wednesday and is now back to the job at the post office.

Gilbert Voors and Mrs. Stan Godkin talked with their mother in Vancouver by long distance telephone on Mother's Day. They report the folks are well.

Mr. and Mrs. Vic Bertrand are home from Long Beach, Calif., and we are glad to report that Vic has recovered from the heart attack he suffered in the south.

Little Debby Hostetler has been staying with her grandmother during the past week.

Mr. and Mrs. Ray Wellman have arrived back on the farm for the summer after spending the winter in southern U.S.A.

Mr. and Mrs. Bartsch went to Gleichen on Saturday to attend the 4-H Calf Show for that district.

The driver inspector had a candidate for a license and decided to take the candidate out on a road where there was a bridge. Arriving at the bridge the inspector told the candidate to cross the bridge, then stop the car, reverse back, then proceed across the bridge. The candidate crossed the bridge, stopped the car, and reversed back over the bridge, again stopped the car, opened the door and proceeded to "proceed across the bridge" on foot!

(P.S.—The candidate was a MAN.) Mrs. Bob Oakley and Robert of Calgary were guests on Sunday at the home of Mr. and Mrs. Jack Deitz.

Bob Prentice of Lethbridge was home for Mother's Day weekend and on Sunday with his mother visited at the home of Mr. and Mrs. Jack Hunter of Ensign.

Science Shrinks Piles New Way Without Surgery

Finds Healing Substance That Does Both—Relieves Pain—Shrinks Hemorrhoids

Toronto, Ont. (Special)—For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain. Thousands have been relieved—without resort to surgery.

In case after case, while gently relieving pain, actual reduction (shrinkage) took place.

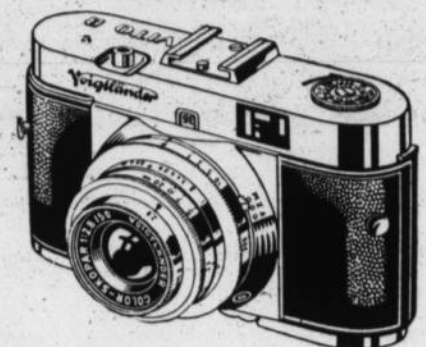

Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!"

The secret is a new healing substance (Bio-Dyne)—discovery of a famous scientific institute.

Now you can get this new healing substance in suppository or ointment form called Preparation H. Ask for it at all drug stores. Satisfaction guaranteed or money refunded.

One Show Nightly at 8:15

Matinee Sat. at 2:50 p.m.

GAYEST SHOW EVER

Photographed in Cinemascope and Technicolor, this screen-play gets the utmost in down to earth laughs out of the story and characters, particularly Ruth, the wise-cracking sister of glamorous Eileen.

The latter's two boy friends, a mild mannered drugstore clerk and a wolfish newspaperman; the out of work wrestler and his girlfriend, who lives in the same Greenwich Village house as the two girls, and a half dozen others who are easily recognizable folk rather than cartoon portrayals.

The girls' crowded basement apartment, the gawdy streets of the village and the hilarious adventure with the Brazilian cadets who start a conga line are as always good for laughs.

"Piano Encores," a cinemascope short subject in Stereophonic Sound and Fox Movietone News complete the program.
